Yoemen Trip Hornets 19-12; Meet LaVega Here Friday

The Cameron Yoemen battled their way to a 19-12 victory Friday night over the Caldwell Hornets on the Hornet's home ground.

Although the Yoemen were tagged for a two touchdown victory, they found a tough Caldwell defense and the brilliant passing of Hornet fullback, Jerry Kubin, almost a disastrous combination. Though the Yoemen came out on the top end of the score, they were never allowed a moment's rest by the battling Caldwell eleven.

Only three plays deep in the game a fumble by Cameron's quarterback Arnold Warren, gave the ball to the Hornets on the Yoemen 20, but to no avail. After 2 futile attempts to break the Yoemen line with running plays, and 1 incomplete pass tossed by Kubin, Fedora attempted a field goal, which dropped short of its mark.

Although the Yoemen stayed in possession most of the time they were unable to pass their own 50 yard line until with only minutes left in the quarter, Rettig broke loose from his own 35 on a dash through left tackle to the 47. Beale punched his way through on the following play for another five, and then Rettig skirted his right end, adding another five and first down. On the next play from scrimmage, W. K. Leonard streaked around his own left end and showed the fans a sensational piece of broken field running until he was finally forced out of bounds on the Hornet 22. Rettig scrambled through for another 12 yards on the next play, and quarterback Arnold Warren kept on the next one for another four. On the last play of the quarter, Heitman managed to shove the ball to the Hornet 3 before he was finally dragged to the ground. With third down, and 2 to go for goal, Heitman smashed through center for one. On the following play, Rettig plowed over for the initial tally of the game. Thompson's try for the extra point was good, and the score was 7-0.

The Hornet's came bouncing back right after the kickoff with a 37 yard pass completed from Kubin to Skrabanek giving the Hornets the ball, first and 10 squarely on the 50 yard line. Alternating with passing and running pays, they moved to the Yoemen 37 from which point Kubin connected with Skrabanek on the Yoemen 30, starting him on a wild dash over the goal line, untouched. Fedora's try for extra point was no good.

Following the Hornet touchdown, the battle continued to seesaw with Cameron starting a touchdown drive after receiving the kickoff.

Heitman received the kickoff on his own 30 and returned to the 40. Warren passed to Mondrik on the 44 and then kept on the next play to dash around left end to the Hornet 49. Beale plowed through the middle to the 45, and then Warren connected with Leonard on the Hornet 41. The job of getting the first down was put up to Rettig, which he did, plowing to the Hornet 35. After two line plays failed to gain, Warren connected with Leonard on a 15-yard heave to the Hornet 17. Here Warren tried again with a pass to Eanes in the end zone, but was unable to hit his target. On the next play Beale skampered across right tackle to the Hornet 3. At this point the Hornet line stiffened and the Yoemen were unable to gain an inch on the ground. On fourth down, with still three to go,

MAKING PLANS FOR MEMBERSHIP DRIVE

GATHERED AROUND the table are members of the Resolutions and Membership Committees of the Milam County Farm Bureau planning the work of the two committees in the coming Membership Drive.

Reading from left are: Dennis Klein, President D. M. Phillips, Robert Jungmann, Mrs. S. W. McClaren, Jr., Chairman Resolutions Committee; John A. Smith, 1st Vice President and Chairman of Membership Committee; Joe J. Marek, H. M. Wimberly, Jessie M. Wimberly, Secretary; and Bruce Lindsey.

Future Homemaker Chapters Are Formulated At Yoe High School

Two Future Homemaker Chapters were organized at Yoe High School this year, a Junior Chapter under the guidance of Miss Patsy Skeen, and a Senior Chapter under the guidance of Mrs. W. T. Whatley, Jr. Both of these chapters met together in the gym Monday night, September 21, from 7:30 to 9:00 to organize and to get acquainted.

The meeting was directed by the Senior Chapter officers, Billie Nell Johnson, presiding, assisted by Beverly Freeman, Joyce Hertenberger, Betsy Vogelsang, Janis Jistel, Frances Michalka, Patsy Moraw, Anna Marie Simank, Nancy Lawrence, and Imelda Hanel, who substituted for Jane Sanders.

Jane Henderson, district, president, reported on the District Executive Council meeting that she, Martha Collins, Billie Nell Johnson and Mrs. Whatley attended in Milano September 10.

Jane reported the plans made at the council meeting for the District FHA meeting, also to be held in Milano on Oct. 10. The theme for this program will be one of the National FHA projects, "Civil Defense".

Betsy Vogelsang and Katherine Johnson were elected as voting delegates to attend the business session and represent the Senior and Junior Yoe Chapters at the district meeting. All chapter members may attend, but only these girls will be able to vote.

Jo Ann Stevens presided at the Junior Chapter for the election of their voting delegates.

Billie Nell Johnson appointed the following committees to help with some of the FHA activities in the near future:

Carol Matula assisted by Rose Matyastik, Betsy Vogelsang, and Wilma Baldridge to make plans for activities during National FHA week, November 1-7; Martha Collins assisted by Patsy Michalka, Rita Reed, Ann Knip, and Marguerite Hickman to plan a score sheet for FHA members to use in evaluating their progress as a FHA member; Nancy Kubish assisted by Francis Michalka, Agnes Sheguit, and Janis Jistel to plan the program for the installation of the new members on October 5.

Other important business items were the decisions to attend the Houston Fat Stock Show the first Saturday in February instead of the Dallas State Fair, and to make slip covers for the metal chairs in the band hall.

The FHA members were delighted to have as their guests, Jimmy Rettig, their club sweetheart, and members of the FFA, who attended after the FFA meeting.

All parents are invited to attend all future FHA meetings.

District Manager of U. S. Chamber Speaks To Local Chamber

In an effort to work with local business leaders and to assist the Cameron Chamber of Commerce in its study of national legislation, Lester G. Flesner, Houston, Program Advisor for the United States Chamber of Commerce, met Monday, Sept. 28, with members of the Chamber's board of directors and national affairs committee, the city Council and the mayor at 9 a. m. in the Milam Coffee Shop.

Flesner illustrated modern techniques being used by leading chambers of commerce in the field of national affairs, and discussed issues now before Congress.

Fleshner outlined three functions for a National Affairs Committee . . . (1) organization of study groups to evaluate the basic issues before the national Congress; (2) organization of a volunteer correspondence corps to advise Congressmen and Senators of the businessman's point of view on legislative issues; (3) organization of a system to inform the public on vital legislative issues.

Emphasizing the need for expressing the business viewpoint, the National Chamber representative called for plain talk on the "GRASS-ROOT" level regarding national legislation. He said the new administration in Washington is asking for the counsel of local businessmen.

Flesner works with local chambers of commerce in Texas and Louisiana, assisting in programming their legislative and economic education affairs.

Flesner, a native of the Southwest, graduated from Oklahoma A & M College where he received his B. S. and Master's degrees, majoring in animal husbandry. While attending the Oklahoma A & M College, he was a member of the livestock judging team.

He has had seven years of chamber of commerce experience. Flesner first entered chamber work at Tahlequah, Okla., where he served both as director and president, prior to taking the assignment as its first full-time manager. He has been with the National Chamber about six months.

The rapid industrialization and urbanization of Texas has caused the insurance business to increase more rapidly than in most other states.

Kickoff For Farm Bureau Membership Drive Slated

John A. Smith, 1st vice-president of the Milam County Farm Bureau, is serving as Chairman of the Fall Membership Drive.

The drive formally opens October 9, following the kick-off banquet to be served at seven o'clock in the evening on October 8, at Simon-George Memorial Hall to approximately 175 workers.

Smith will act as toastmaster at the banquet and will introduce the guest speaker, O. R. Long.

Long, organization director for the Southern Region of the American Farm Bureau Federation, was born and reared on a farm near Parsons, Texas. After graduating from the University of Tennessee in 1929 with a degree in Agriculture education, he taught vocational agriculture for five years, later serving as a county agricultural agent for seven years.

In 1914 Long became executive secretary of the Tennessee Farm Bureau Federation. He served in this capacity until 1949 when he was employed as organization director for the American Farm Bureau's Southern Region.

The Southern Region includes 13 southern states and Puerto Rico. The area has seen a phenomenal growth in Farm Bureau memberships since Long assumed his duties four long years ago. At present the south has 66,000 more Farm Bureau members than last year. The total membership stands close to the half million mark.

Long is married to the former Irma McIllwain. They have two daughters, Julia Lee, 19; and Beck, 15.

Coming to Cameron with Mr. Long will be Wayne Little, State Field Representatives of the Texas Farm Bureau Federation who will have a part on the Program for the evening.

Following the banquet workers will receive their instructions and workers kits.

Farm Bureau Plans Cameron Community Meeting Monday

John A. Smith, 1st vice-president of the Milam Couny Farm Bureau has announced a fifth meeting for all farmers and ranchers in the Cameron community on Monday night, October 5 at 8:00 in the District Court room.

A series of four other community meetings have been held in Buckholts, Ben Arnold, Gause and Thorndale communities with a large attendance at all meetings andf much interest and enthusiasm being shown by all people present.

Discussions on the agriculture situation and other topics of interest concerning farmers and ranchers are being discussed at these meetings.

Mr. Smith urges all farmers and ranchers to attend this meeting.

Miss Barbara Gurecky Selected As Band Sweetheart In Contest

The contest to select a sweetheart for the Yoe High School band ended on Saturday night, Sept. 26.

On tabulation of the voting, it was determined that Miss Barbara Jane Gurecky, daughter of Mr. and Mrs. A. K. Gurecky, was the winner, and is now the official band sweetheart.

Miss Gurecky led the field with $251.97 in votes. In second place was Jo Ann Hope, with $57.20 in votes. Third place was won by Anita Trdy, with $45.16. There were eight girls in the final running, and the total amount of votes received in the contest was $459.85.

The new Sweetheart will be formally presented during halftime ceremonies at the La Vega-Cameron football game on next Friday night, Oct. 2.

Also to be presented will be the new mascots, Valerie and Lynette Green, twin daughters of Mr and Mrs. Carroll Green.

Youth Receives Slight Injury In Car-Train Collision

An automobile driven by a sixteen-year-old youth, Allen Eugene Noey, rammed into a motionless freight train at the crossing of the Southern Pacific Railroad and the Temple Highway Sunday night.

According to reports, Noey saw the accident coming and jumped from his car before the collision. He was only slightly injurged. Damage to his car was extensive.

Fisk Electric Absolved Of Blame

$106,000 Granted Roper For Injuries In Accident

A judgment of $106,000 was granted to Mack Roper of Cameron in a damage suit against Fisk Electric Co. et al, here Tuesday, Sept. 29 by a 20th district court jury.

The judgment, said to be the largest ever entered in a damage suit in Milam county, arose out of a suit for damages for injuries received by Mr. Roper while working on the construction of the Alcoa plant in Rockdale last September 3.

The suit began in district court here September 21. Today the jury absolved Fish Electric Co., of Houston of all blame in the suit but asssessed the entire amount of damages against the Eichleay Corporation of Pittsburg, Pa., which was included in the "et al" phrase.

The jury was required to rule on 53 special issues, all of which were decided in favor of the plaintiff, plus one special issue in which the jury decided Fisk Electric Company was not responsible for any injuries suffered by Mr. Roper.

Three of the special issues, were concerned with the amount of damages due the plaintiff, was granted $97,177 for injuries received; $2,564 for hospital and medical bills to date; and $6,750 for hospital and medical bills anticipated in the future.

The trial was opened a week ago Monday when selection of the jury began. Testimony in the case opened the next day and continued through Friday when Judge O. D. Graham recessed the case until Tuesday.

Local council for the parties involved were: Emory B. Camp for Fisk Electric, Jack Precott, for Eichleay Corporation and J. W. (Jim) Miller for the plaintiff, Mack Roper.

Fire Destroys Stockwell Barn Near Yarrellton

The Fire Department answered a call Monday morning, September 28 at about 12:30 to the Klice Stockwell farm near Yarrellton.

The Stockwell barn had caught on fire, destroying the newly built 48x60 structure.

The barn contained cotton seed, hay and oats, all of which was a complete loss.

An estimate of between $10,000 and $15,000 loss was assumed.

The fire department worked several hours trying to get the fire under control.

Milam County Sportsman's Club Complete Election Of Officials

A meeting of the Sportsman's Club of Milam County was held in the County Court Room Wednesday Sept. 23, for the purpose of nominating and electing officers and accepting a constitution and a set of by-laws under which the club will hereafter operate.

The elected officers are: Albert Edmonds, president; Don Humble, vice-president; H. B. Pressley, secretary - treasurer Carl Black and Joe Richter sergeant-at-arms.

Forty-Seven-Inch Snake Killed In Cameron City Limits

What was said to be a water moccasin snake was found making its way into the back yard of Mr. and Mrs. Jim Russell, at 708 North Polk Street Friday morning. It was killed and a neighbor measured it and said it was 47 inches long.

Apparently the snake came from a pond of stagnated water which is directly behind the Russell home. Residents in that part of the city of Cameron say not only are the snakes bothering them, but mosquitoes and flies are so bad that their children are not allowed to play outside the house.

It has been brought to the attention of city officials about the pool of water, the lady said, but "nothing has been done about it," she continued.

Except for the rattlesnake, the copperhead is most common and well known of the four poisonous snakes in Texas. Third and fourth places go to the water Moccasin and the coral snake

The dead snake may be seen on the yard fence at the Russel home.

The Poet Laureate of Texas during the years 1951-52 is Dr. Arthur Sampley of Denton.

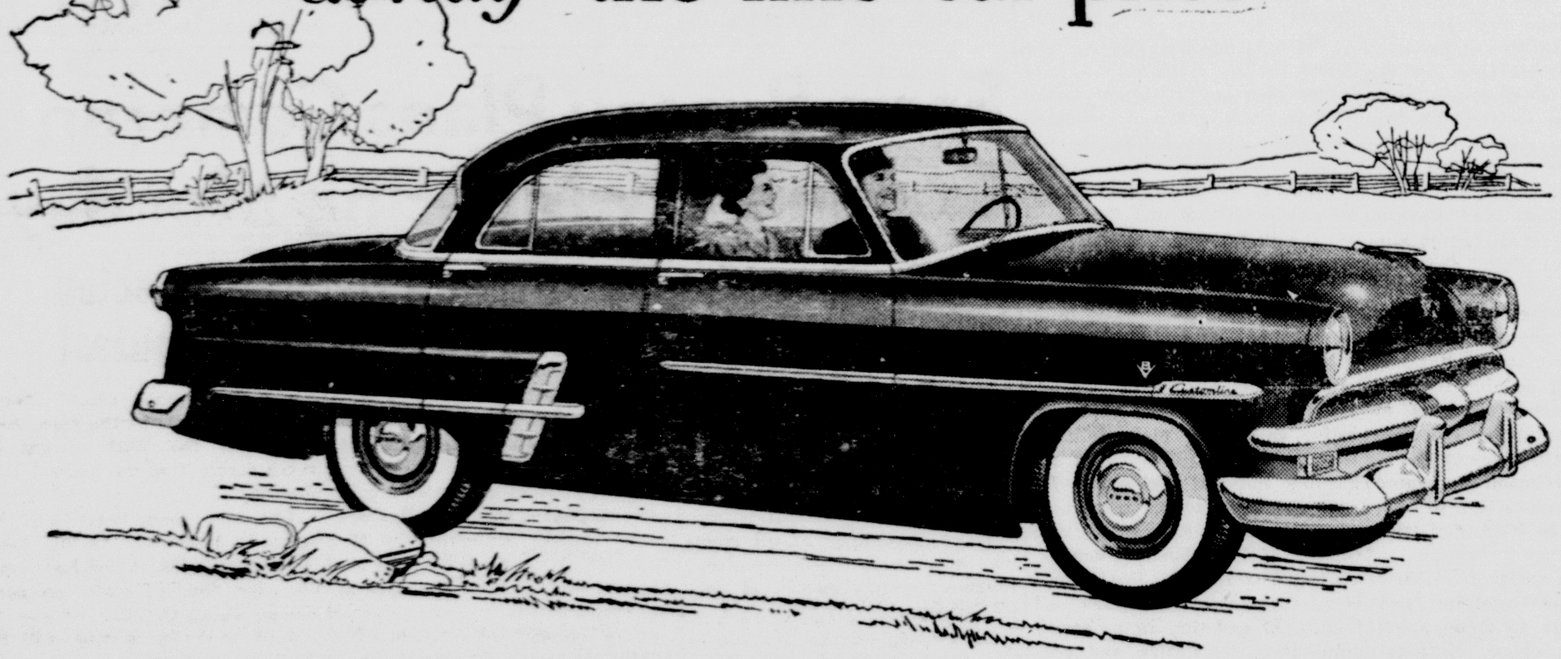
THE FINE CAR
at *half* the fine car price



Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over $4,000!

Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and *for less than half the fine car price!*

Look under the hood of the most expensive cars and what do you find?

A V-8 Engine!
Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's – by *millions* – than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

But the engine, as fine as it is, is only one of many things that make a fine car *fine*.

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car *fine*. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever – it gives you exactly the amount of power you want, when you want it –automatically.

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it–especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels *and just enough to take out the work.* You don't relinquish one particle of control–rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. *And you don't pay a fine car price for "Master-Guide."*

But there is another fine car feature—the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement – *or lack of it!* Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton.

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats, it's not one passenger *bigger inside.*

Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . *plus* side windows that mean every passenger gets room with a view!

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree—even our competitors –that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish – we believe Ford's *baked-on* enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, but they're less delicate, too, and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's the Ford idea.

FORD
Worth more when you buy it . . . Worth more when you sell it!

Cream Whips Main Street Traffic

Big traffic jam in front of the office last week. Thought everybody in the county was coming in to buy *The Clarion*, but they weren't.

Seems a 5-gallon can fell off Whitey Fisher's truck, spilling cream all over the street. Our cop on duty, Tiny Fields, halted traffic so Whitey could pick up the can. Tiny was about to wave the cars on when a kitten ran out and started lapping up the cream.

Well, traffic piled up, but Tiny paid no heed. Light changed green three times. After the kitten had enough, Tiny waved the traffic through.

From where I sit, this was just a "Tiny" demonstration of the way people in our town are. They're usually pretty considerate and tolerant. If one of our neighbors prefers a good glass of beer to his friend's coffee at dinnertime, it's just each to his own taste and everything's "smooth as cream" between them!

Plans Made For Installation Of 50 New Yoe FHA Members

Fifty members of the Yoe Junior Chapter of the Future Homemakers of America will be officially installed in the formal FHA ceremony at the regular general meeting Monday, October 5, at 7:30 to 9:00 p. m. in the gym.

Miss Patsy Skeen, Jane Henderson, Martha Collins and Wilma Kruemcke attended the area and district executive committee council meeting in LaVega, September 26.

Wilma Kruemcke attended the meeting of the girls working on their state degrees. Jane Henderson worked with the area constitution committee and was to serve as chairman of the committee to report on the National FHA meeting that she attended last July. Martha Collins attended the area executive council meeting.

It was decided at this meeting that the district meeting scheduled in Milano on Oct. 10 will be postponed until November 7.

Milam Chapter Gets $1,150 For Local Polio Patients

A check for $1,150 to help pay for care for local polio patients has been received by the Milam County Chapter of the National Foundation for Infantile Paralysis, it was announced today by Roy Griffith, Chapter Chairman.

When March of Dimes funds are raised, Mr. Griffith explained, half stays here with the local Chapter and half goes to national headquarters for research, professional education and emergency aid to chapters whose own funds have been exhausted by the demands of patient care. The check just received comes from this pooling of chapter funds at national headquarters.

Mr. Griffith said record-breaking polio incidence in recent years had exhaused the treasuries of many of chapters and that, in many cases, new March of Dimes funds had been committed to the payment of old bills before this year's first case had been reported.

Milam County Health Unit Urges Students To Be Immunized

Within a week or two recent slips will be given to students of public and parochial schools of Milam County. These slips are to be taken to the parents to read check and sign and then and then return to the schooi at the earliet eorliest opportunity. The slips are necessary necessary to obtain the parents' permission for a child to receive protecttive immunization in school Dr. John Bryson Director said.

Protective immunization against smallpox, diphtheria, and ty-

The Milam County Health Unit urged all children to be immunized to protece them from future outbreaks of these diseases. This is especially stressed because of the greatly incidence ow typhoid this year over previous years in Milam County and the approaching diphtheria season.

It is recommended children re ceive a mallpox vaccination vaccinatiosn on tarting to school for the first time and every five years thereafter. Diphtheria and typhoid immnications should also be given on starting to school and boosted periodically to maintain the child's immunity.

CLINIC REPORT

"Can We Ignore Such Amazing Results?"

HEAD PAINS
CASE NO. 1440:

A man aged 55 years complained of shooting pains over left side of head for two years. These pains were constant every day. Sometimes the pain would dart into the ear area and would cause dizziness. He suffered from Asthma, too, and the coughing made the head pain unbearable. He went to various well known clinics where head X-rays were made for suspected brain tumor. No help could be had until he came to a Chiropractic Clinic where he found that a fall from a horse and a kick from the horse had misaligned a neck vertebra causing nerve interference and defective nerve waves to the head and lungs. Corrective adjustments restored alignment which permitted a return to normal energization after which all pains ceased and did not return and the Asthma which had been a regular complaint, disappeared. This man works daily in a supervisory capacity and claims he feels just grand.

NERVEOUSNESS
CASE NO. 570:

A man of 33 years came in complaining of nerveousness, jerky, jumpy feeling, indigestion with dizziness, awaking tired in the mornings, numb ness in left arm and hand and pains in shoulder and lower back, also fever and catarrh. A spinal analysis located defective nerves and X-rays disclosed vertebrae causing nerve nterference. corrective adjustments restored suinal alignment and removed nerve interference. Whenlast seen this case reported he was feeling fine in all respects.

HIGH BLOOD PRESSURE:
CASE NO 1710:

A man of age 60, weighing 180 lbs., came in with a painful stifness in his neck which made it impossible to turn his head. He reported high blood pressure and frequent colds. After examination disclosed the cause of his trouble to be a spinal nerve wave interference, we attempted to correct the faulty alignment. This case was discharged free of pains and with blood pressure normal.

AGREED!

NECK INJURIES: Injuries to the neck are common and unless stiffness and pain are marked or persistent, most of us are inclined to forget the incident. All to often some damage is done and years later, symptoms appear. Many vital structures are crowded into a tiny space in the neck area and the openings in the vertebrae through which the nerves exit are small. This makes them more vulnerable to pressure and irritation which in turn leads to discomfort in the shoulder, arm, neck or head . . . . A single mishap may be responsible but in many instances it is the cumulative effect of several. Months or years after the injury, a clicking sound, soreness or stiffness in the neck may be the first indication. . . Infection, arthritis, ruptured disc, hemorrhage and trauma are the most common factors in producing distress . . . Excerpts, "How to Keep Well," Chicago Tribune, by T. R. Van Dellen, M. D.

THE LITTLE RIVER PHILOSOPHER FINDS THE U. S. TREASURY AND HIS SUPPLY OF WINTER HAY ABOUT IN THE SAME SHAPE

Editor's Note: The Little River Philosopher on his Johnson grass farm at Marlow must think money is hay, his letter this week reveals.

Dear editar:

I was wandering around over my pasture out here yesterday afternoon absorbin the October sunshine and sizin up my cows and wonderin how cold it'll get this winter and whether they can make it through alive when I noticed a copy of a newspaper had blown against a corner post and since my corner posts ain't the strongest in the world I figured I'd better take the paper off to cut down on the wind resistance, I haven't got time to be repairin blown-over corner posts when there's even more work needed to be done on the posts in between, not to mention the wire, and since I had the paper in my hand when I pulled it off I took it home and picked out a comfortable spot on the south side of the barn and stretched out and looked it over.

What interested me right off was an article sayin the Secretary of the U. S. Treasury, George Humphrey, has checked up on the money on hand in Washington and has informed President Eisenhower that the government probably can scrape through the fall and winter without callin Congress back into session to raise some more. He figures the government can cut a few corners and scratch around and meet its bills until January at least, when Congress is due back anyway.

I know exactly how it is, and I'm pleased to learn that me and the Secretary of the Treasurey have some problems in common.

I have been checkin up on my supply of Johnson grass hay and I've figured if I cut some corner and scratch around enough, my cows ought to be able to make it to January too, and I'm gonna take the position that if the United States Treasury can do it, my cows ought to too. In fact, my cows are just gonna have to buckle down, recognize that's all the hay there is, and get by on it. This idea of pourin more and more hay to the cows and more and more money to the people can't go on forever. We got to call a halt somewhere and I'm proud that me and the Secretary of the Treasury see eye to eye on it.

Of course the people have a little advantage over my cows. My cows don't have Congress comin back into session in January. It's up to them to size up the hay in the barn and recognize that's all that's standin between them and the first blade of green grass six months from now. I don't know that they'll be better cows physicially for the experience but if they make it they'll have the satisfaction of comin through with stronger characters. I've heard President Eisenhower himself say we need to strengthen the moral fiber of this nation. Personally, I find a great satisfaction in knowin that the United States Treasury and my hay barn are in about the same shape.

Yours fathfully
J. A.

Historical Survey Committee Named

Gov. Allan Shivers Thursday named 18 persons as members of a historical survey committee created by the 53rd Legislature this year.

The committee was authorized to investigate the possibilities of forming a non-profit, state-wide historical foundation, to act as a coordinating agency and "supply state-wide leadership" in preservation of historic houses, shrines, landmarks, relics documents and other historical items.

The group will make a report to the 54th Legislature in 1955.

Among those named by Shivers is L. W. Kemp of Houston.

Milam HD Meets On September 21 In Milam Coffee Shop

The Milam County Home Demonstration Council met in the Milam Coffee Shop at Cameron, September 21.

Mrs. Hugh Wimberly, president, presided over the meeting. The club prayer was said by the group, and the creed was read in unison.

The secretary, Mrs. Lewis Modisett, called the role and read the minutes of the previous meeting.

The group discussed the Style Show, which was held Monday night, September 28 at the Simon-George Hall in Cameron.

The Texas Home Demonstration chairman, Mrs. B. M. Charles, stated that the delegates should be making plans to attend the State Home Demonstration Convention that will be held in Galveston at a later date.

All new club officers were urged to submit their names and positions to Mrs. Alice Hughes, Milam County Home Demonstration Agent, by October 1.

The new presidents were also requested to select and sent in the names of their committees before November.

Each club in the county is responsible for suggestions for the March of Dimes drive. The suggestions will be discussed at the next council meeting.

Members were requested to send their entry for its exhibits for Rockdale Livestock Show. Entries may be turned in to Mrs. Hughes or Mrs. Angell. The exhibits must be in by noon, October 30.

Suggestions for the Christmas party will be undertaken at the next council meeting.

The meeting was closed after the club elected a new secretary. Mrs. Jenkins, who will fill the position left vacant by the resignation of Mrs. Lewis Modisette.

District Meeting Of NCCW Is Held Sunday in Bremond

The District meeting of the National Council of Catholic Women was held at Bremond, Sunday, September 27.

In the absence of the district president, Mrs. Patronella of Bryan, the district moderator, Rev. George Duda of Cameron, was in charge of the meeting.

The opening prayer was led by Rev. Stanley Kameniskie of Eremond.

Mrs. T. Worley of Bryan, secretary, called the roll and read the minutes of the previous meeting.

Mrs. August Gurecky of Cameron gave the treasurer's report. There was a general discussion of the coming diocesion convention of the National Council of Catholic Women to be held at LaGrange on October 19.

Miss Gussie Schultz of Bryan, the Diocesion presedinet gave out cards and programs of the convention.

Rev. George Duda gave an explanation of the picture of Our Lady of Good Council.

Rev. Tim Valenta of Bryan spoke briefly on the work of the NCCW.

After Benediction was held, refreshments were served by the Bremont representatives.

Delegates attending from the St. Monica's Catholic parish include Rev. George Duda, pastor, Mrs. Frank Michalka, Mrs. A. J. Matocha, Mrs. August Gurecky, Mrs. Frank Hanel and Mrs. W. W. Balhorn.

Football Round-Up

The La Vega Pirates, the Yoemen's foe Friday night, raced to a 34-0 victory over the Waco B Kittens, who previously had beaten Lampasas 7-6 in a season opener. It was the Pirates game all the way through. La Vega netted 268 yards rushing to the Kitten's 65. The Pirates gained 12 first downs, and the Kittens, 4.

The McGregor Bulldogs unseated the Killeen Kangaroos in McGregor 18-6. The Bulldogs stayed in the air, compelting one for seven, and intercepting a Killeen aerial to ice the game. Killeen gained 8 first downs to McGregor's 6. Last week Killeen uprooted the Taylor Ducks, 45-0. Killeen meets Mexia Friday.

Gatesville used a combination passing and running attack to win their first victory of the season, by stomping the West Trojans 27-12. The Gatesville Hornets rushed to 320 yards to the Trojan's 135, and stored up 12 first downs to West's 9.

West had tied Rosebud last week, while Gatesville lost to Belton, 13-7. The Waco B-team goes to Gatesville Friday to play the Hornets.

The Georgetown Eagles and Smithville tossed the pigskin around Friday night, and when the final gun went off, the Eagles emerged as the winners, coming out on top 7-6. Georgetown gained 154 yards through the air and ground, while Smithville kept to the ground all night, only gaining 97 yards. Georgetown goes to McGregor on October 2.

The Mart Panthers came from behind to tie the Rosebud Panthers 13-13 at Mart. This is Rosebud's 2nd tie game of the season, having tied West 13-13 last week. Rosebud scored both of their TDs first, but Mart came back, determined to win, and scored two tallys. Rosebud drove to the Mart 15 before losing the ball on downs. Rosebud meets Franklin next Friday night.

The Taylor Ducks remained in the celler last Friday night, losing their third straight game of the season toElgin, 7-6. The Ducks will go to Giddings Friday night.

P. C. Tarver of Ben Arnold entered Newton Memorial Hospital on September 28 as a medical patient.

News Of Refusal Shock Parents Of Four Texans

The news that their sons were among those the Communists say refused to be repatriated in Korea shocker four Texas families Thursday.

Some said there had been indications in letters that the servicemen had changed their minds about communism but they felt it was the result of "brain washing" by the Reds.

Most of all they wanted the boys back home as soon as possible.

"We'd use a little brain washing of our own" said the father.

"If I can ever get him home, I think we can all understand this," said the mother.

The four Texans' names on a list released by Wilfred Burchett, correspondent for a Communist British paper were:

Sgt. Howard G. Adams, Corsicana.

Cpl. Claude J. Batchelor, Kermit.

Sgt. Rufus E. Douglas, San Angelo.

Sgt. Lewie W. Griggs, Jacksonville.

The four were returned to the neutral zone along with 19 other Americans and one Briton. United Nations officials will get a chance to try to change the soldiers' minds about repatriation.

Recent Changes In S. S. Law Is Made

There are many self-employed persons between the ages of 65 and 75 whose low net earnings may make them eligible for monthly insurance payments even though they are still working, according to James B. Marley, manager of the Austin social security office.

Recent changes in the law make it possible for a self-employed person between these ages to net $900 annually without giving up any of his monthly social security checks. These people should file their claims immediately in order to prevent loss of benefits, the manager stated. Persons age 75 and older can draw their monthly benefits regardless of the amount of their business profit.

In the cases of those clearing over $900, but not more than $1725 annually there is still a possibility of one or more monthly payments for the year. Persons in this group are urged to contact the Austin social security office to discuss their individual cases.

72 New Cases Of Polio Listed For The Past Week

Austin.—Polio struck 72 Texans last week in what state Health Officer George W. Cox described Wednesday as the malady's "last big bid on the season."

Only 47 cases were reported the previous week.

Dr. Cox said the sudden upsurge was not significant. It raised the total for the year to 1,4 9, only about half the figure for 1952.

Moore County in the Panhandle, which previously had no polio, reported three cases last week. Others with their first cases of the year were Bailey, Collin and Milam counties.

Bexar County, with 11 cases, and Harris, with nine, led the state in the week's incidence. Nueces and Taylor counties each reported four, while Colorado, Erath and Hale each had three cases.

Plans Changed For Draftees Training

WASHINGTON, The army streamlined its basic training procedures for draftees Thursday to get them ready for combat sooner and save money at the same time.

For one thing, except for the "minimum" necessities, the new recruit will not be issued his clothing for five weeks The Army pointed out that "most trainees experience changes in their physical measurements" during those first five weeks.

The draftee will no longer be given a 14-day leave after he completes the first 16 weeks of training. Instead, the seven-day leave authorized after seven weeks will be doubled.

The Army said most inductees will receive their second eight weeks of training at the same installation as they do the first eight weeks. This is designed to save travel time and expenses—although some will still be transferred for special training.

The Army said: "It is anticipated that the new plan will increase the productive service of most enlisted personnel by several weeks, and at the same time effect a saving in money and some overhead personnel.

Drouth Again Faces Texas As Rains Stop

Austin—The Texas drouth, staggered but not stopped by last month's rains, is spreading again as moisture reserves rapidly disappear, the USDA said.

Rain is urgently needed in the Northwest for July-sown feed crops, early-seeded wheat and pastures. Much of South Texas also needs surface moisture despite August's torrential rains.

Only in East Texas and along the Coast were moisture supplies adequate.

Cotton harvest was favored by the hot, dry weather, but those conditions were detrimental to crop development in the Northwest.

Commercial vegetables were reported making satisfactory progress.

In East Texas and along the Upper Coast, livestock continued to make satisfactory gains on the generally adequate range and pasture grass. Supplemental feeding was increasing again in the West and Northwest. Cattle and calves moved to market in heavy volume.

1,210 Texas Men Wanted

Austin. — Selective Service wants just two more men from Texas in November over October.

The November call issued today calls for a draft of 1,210 men compared with the 1,208 in October.

Melroy W. Eixman Begins Fort Bliss Artillery Training

Private Melroy W. Eixman, son of Mr. and Mrs. Bruno Eixman, recently began 16 weeks of basic training in the Anti-aircraft Artillery Replacement Training Center at Fort Bliss.

Pvt. Eixman will spend the

first eight weeks training on Fundamental Army subjects. He will practice Infantry drill and rifle marksmanship; learn to fire machine guns and bazookas; and climax this first phase of training by a one-week maneuver in the field.

His second eight weeks will see him firing light and medium anti-aircraft artillery weapons at low-flying and high altitude aerial targets. He will first practice on the weapons in the Fort Bliss gun parks and then travel to the million and a half acre Fort Bliss ranges actually to fire the guns.

After 16 weeks of training, he will graduate at a formal parade and retreat ceremony. He will then be eligible for assignment in a permanent anti-aircraft unit.

Pvt. Eixman is a graduate of Yoe High School, where he was a star on the Yoemen football team. After graduating from high school he attended Southern Methodist University for one year and later he attended East Texas State College until he was inducted into the Army just four months before he was to receive his degree. Pvt. Eixman was on the football team at each college for one year each.

Rockdale Man Killed In Wreck Near Elgin

Edward Arthur Stalker, 51, Rockdale restaurant owner, was killed Friday when the automobile he was driving plunged off a bridge on U. S. 290 and into Elm Creek a mile and a half west of Elgin.

Mr. Stalker, who was identified by the highway patrol from papers on the body, had lived in Rockdale about a year and a half. He was formerly of Austin and burial will probably be there.

There were 86,523 miles of oil and gas pipelines in Texas as of January 1, 1950.

SOCIETY in The News

Family Night Is Resumed At First Methodist Church

The Methodist Church resumed its observance of Family Night after a two month's vacation during the summer.

A large attendance was on hand to enjoy a delicious covered dish supper, and a special program.

Oxsheer Smith presided, and gave a short talk.

Plans are being made to increase the attendance each month. The suppers take place on the fourth Wednesday of the month, beginning at 7:30 p. m. in the Fellowship Hall of the church.

Milam Nurses Hold Meeting In Rockdale

The Milam County Graduate Nurses Association met Tuesday night, September 22 at 8:00 in the home of Mrs. F. K. Hyder, in the Westwood Addition in Rockdale.

The president, Mrs. W. S. Duke, of Rockdale, presided over the meeting, and was assisted by Mrs. Jo Laywell of Cameron, who is secretary.

After a short business meeting, a speaker, representing the Southland Life Insurance Company of Rockdale, talked on retirement fund, and health and accident policies.

The hostess, Mrs. Hyder, served cake, coffee and nuts to 18 members and one guest.

The next meeting will take place on October 21 in the home of Mrs. L. E. Crow of Cameron.

Local National Guard Takes New Member

Battery C, 649th Anti-aircraft Artillery Battalion, gained one new enlistment this week, it reported today, and also received an application to transfer into the unit.

The enlistment was made by Harry L. Yakesch. A high school student who resides in Rockdale, Yakesch was sworn in during the weekly Armory drill period on Tuesday evening. His enlistment, following that of the half dozen new Guardsmen added to the rolls last week, brings Battery C's total membership to a new high for this year.

The application for transfer was made by a Guardsman from a Houston, Texas, unit, and is being processed at this time.

M. L. Worcester, 97, Is Given Birthday Dinner By Family

M. L. Worcester was honored on his 97th birthday September 16 at the home of Mr. and Mrs. Henry McLane, with a birthday dinner given by his daughters, Mrs. McLane, Mrs. Jim Crouch, and Mrs. Charlie Worcester.

Mr. Worcester, though in poor health, was able to enjoy the occasion with his family and friends.

Those present included his three children, Mr. and Mrs. Henry McLane, Mr. and Mrs. Jim Crouch and Mr. and Mrs. Charlie Worcester; two grandchildren, Mrs. Verna Mae Vick, and Mr. and Mrs. Stanley Hughes; and six great-grandchildren, Lawrence Tiller, Ddight and Marilyn Hughes, Sharon Vicks, and Pam and Bubba Lucas.

Friends who called were Mr. and Mrs. Walter Wallace, Mrs. W. G. Harsha, and Mrs. Allena Tiller.

The family of Mr. Worcester wishes to thank all the friends for remembering him on this occasion and for all the cards and gifts sent to him.

Women's Bowling League Organizes At KC Hall Tuesday

The women's bowling league met Tuesday night, September 22 at the Knights of Columbus Hall to make final plans for the opening of the league on October 5 at the KC Bowling Alleys.

Five teams have already submitted their entries and one more will be signed up, and if possible, the league members would like to form an 8-team league.

Teams entered are being sponsored by the Laake Drug, Falstaff Brewery, the Pearl Brewery, Mrs. Ida Michalka and Mrs. Lillie McGuire.

Captains of the above team in their respected order are, Mrs. Leo Laake, Mrs. Mable McGoldrick, Mrs. Willie Mees, Mrs. Ida Michalka and Mrs. Lillie McGuire.

There are still vacancies open, and any lady wishing to bowl, should come out on October 5.

Pleasure and Profit Club Meets at Home Of Mrs. A. E. Jones

The Pleasure and Profit Club met at the home of Mrs. A. E. Jones Thursday afternoon, Septehmber 24 at 4:00.

Mrs. Richard Moseley, president, presided at the business meeting, after which Mrs Hilliard Thomas, program chairman, introduced Miss Ada Margaret Smith, member of the Yoe High faculty.

Miss Smith gave a review on the book, **Snips and Snales.** All the members enjoyed the review of the humorous book.

The hostess served chicken salad, crackers, coffee and mints from a gaily decorated table, centered with red roses.

Twelve members and Miss Smith were present.

The next meeting will be held on Thursday, October 8, with Mrs Don Humble as hostess. Mrs. Leo Jackson will be the program chairman.

Glass, The Florist Gets Thanks From Yoe Cheer Leaders

The yell leaders of Yoe High School and their sponsor, Miss Ada Margaret Smith, are extending their appreciation and thanks to Glass, the Florist for the lovely mum corsages received for each Yoemen football game.

For many years it has been customary for Glass, the Florist to present the corsages to the yell leaders. Flowers presented to the girls were grown by Glass.

The girls, dressed in their Maroon and Grey uniforms, have charge of all the pep rallies at school, and the cheering section at all football games

The 1953 yell leaders, elected last spring, are Henrietta Slavek of the Senior class, Edna Vybiral, Mary Ann Pilling and Patsy Mullinax, all of the Junior class. Miss Smith, social science instructor in Yoe High, has been the sponsor of the yell leaders for a number of years

conservation; and for posting rewards for information leading to the arrests and conviction of any person or persons who are breaking the game and fish laws and who are slowly but surely robbing Milam County of its greatest natural resource—fish and wildlife.

This club is not being formed to hurt any citizen of our county in any way. It is formed to show the persons who are not familiar with it, the state of depreciation that the fish and game have come to.

Some of the citizens have turned to illegal methods of taking fish and game purely in self- defense, never once intending to, or thinking of breaking the law. They felt that since someone else was using illegal methods and getting by with it that they could do it too—never realizing what a terrific toll they were taking on our fish and wildlife.

As it stands today, it is almost an impossibility for anyone to go hunting and take a legal bag of game or to go fishing, either with lines, or rod and reel and even hope to catch any fish in Little River in Milam County.

Telephones, traps, boxes, nets and many other illegal methods including poison have almost completely wiped out our fish population in Little River, which was once rated the most fertile river in Texas for all species of game fish.

All illegal methods of taking game and fish can be rated as the most unkind thing we can do to our fellow sportsman because in taking more than your legal share you leave him with less than his.

Even at that in only half of the sportsmen take more than their legal share they not only rob the other sportsmen but also exterminate the source of reproduction and soon find that there is none left for anyone.

According to a State Survey that was made recently the most vicious means of reducing the fish popoulation (besides poising and thereby wasting them) was the telephone or electrocution process.

It was found that any fish that was shocked by any electric means was sterilized and therefore even if it escaped capture it was unable to reproduce or lay eggs that could hatch into a new supply of fish that therefore left only a fish that could only exist and grow and never produce another crop. Consequently, it can be seen how easily and unthinkingly the only means of having a continuous crop for the future can be destroyed.

The Sportsman's Club of Milam County is taking this means of coming before every citizen of Milam County and appealing to them to please refrain from all illegal methods of taking the game and fish so that in the future everyone will be able to fish and hunt together—because then there might be something left to fish and hunt for'—By Don Edmonds.

YOEMEN—

(Continued from Page 1)

Warren connected with Rettig in the end zone. Thompson's try for extra point was wide at the mark, leaving the score at 13-6.

Just a few plays later the half ended.

Early in the second half, the Hornets, came thrashing back to score again. The Hornet's second TD was set up by two bad breaks for the Yoemen. The first was a fumble by Thompson on his own 40, which Caldwell recovered. The second break came just two plays later when interference on a forward pass was ruled against Cameron on their own 20. This gave the ball to Caldwell on the Cameron 20, with 1st and 10 to go. On the next play Schigut crashed through his own right guard to the Cameron 10 before he was finally dragged down to the ground by Thompson. Then after Skrabanek had lost two yards, Schigut plowed through again, this time going all the way. Fedora's attempt for the extra point was no good

Just a few plays later, another fumble and pass interference was almost fatal to Cameron. The Hornets had been forced to kick on their own 14, and on the first play following from scrimmage, Cameron fumbled with the Hornets recovering on the Yoemen 49. On the very next play Kubin faded back and fired a pass to Skrabanek, which was incomplete, but interference was again ruled against Cameron, giving the ball to the Hornets on the Yoemen 35, 1st and 10. Three plays later Urbanosky streaked through the Yoemen line, and secondary, to the 10 yard line before he was finally dragged down by Cryer. But here the Yoe defense stiffened and the Caldwell drive came to an end. They lost the ball to the Yoemen on the Cameron 12.

From this point the Yoemen's final touchdown drive started. A plung by Beale and a pass from Warren to Rettig, put the ball on their own 22. From here Warren faded back and uncorked a 25 yard heave connecting with Leonard who added another 5 on the ground to the Hornet 48. On the next play, Beale added another 13 and then Heitman plunged to theCaldwell 30. Here the quarter ended.

On the first play of the 4th quarter, Heitman took the ball from the Hornet 30 and skimpered to the 10. Then after two line plays and a penalty, and an incomplete pass, Warren connected with Eanes in the end zone for the final score of the game. Thompson's attempt at the extra point was wide, leaving the score at 19-12.

SELECTIVE SERVICE

Austin, Texas.—A November state draft quota of 1,210 men was received Wednesday at state Selective Service headquarters, Lt. Col. Morris S. Schwartz, deputy state draft director, said Thursday.

The quota is the Texas share of a national call for 23,000 men. The October quota, announced about a month ago, is 1,208. The September quota for Texas, now being filled, is 1,232.

Colonel Schwartz said that, under present plans, local board quotas to fill the November call will be placed in the mail on or about October 1.

Ninety-five out of the state's 137 ocal boards will receive calls to have men physically examined in November. Remainder of the boards are considered to have ample supply of older men examined and acceptable to fill calls, Colonel Schwart said.

Instructions were received from national Selective Service headquarters with the November quota that, where possible, only men 20 years old or older would be inducted in November. Boards are authorized, however to fill calls with men under 20 if necessary.

Currently the number of men under 20 years old being inducted continues to drop, Colonel Schwartz said. Fifteen men out of every 100 being inducted so far in September are under 20, Colonel Schwartz pointed out.

In August, 19 out of every 100 were under 20, in July, the figure was 23 out of every 100; and in June, 32 out of every 100, statistics at state Selective Service headquarters show.

Mrs. Emil Sebesco of Cameron is a medical patient at St. Edward Hospital, entering on September 21.
